

## Guidelines for the Conduct of Lab Exam on 25th September, 2021

### (CPLT and PGDAC Programmes)

Dear learners,

For all of you who have not been able to complete the practical work of various courses of the Certificate Programme in Laboratory Techniques (CPLT) and Post Graduate Diploma in Analytical Chemistry (PGDAC) Programme due to the continuing COVID pandemic situation, Similar to the laboratory exam conducted earlier, a written lab exam will be held on 25th September, 2021 for the following lab courses as per the schedule given.

S. No.	Name of the Programme	Lab Courses (2 Credits each)				Date and Session of Exam
1.	Certificate Prog. in Laboratory Techniques	CLTL-101	CLTL-102	CLTL-103	CLTL-104	25th Sept., 2021 10:30 A.M. to 12:30 P.M.
2.	P G Diploma in Analytical Chemistry	MCHL-001	MCHL-002	MCHL-003	MCHL-004	25th Sept., 2021 02:30 P.M. to 04:30 P.M.

### Eligibility for Appearing in the Examination

**PGDAC Prog.:** If you have taken admission in Jan/July 2018 or Jan/July 2019 or Jan/July 2020

**CPLT Prog.:** If you have taken admission in Jan/July 2019 or Jan/July 2020 or Jan 2021

- If you were eligible for appearing in August, 2021 Term-end theory examinations as per the SED records; and
- If you have failed in any of the lab exams conducted earlier (Oct, 2020 and March, 2021).

### Conduct of Examination and Pattern of Question Papers

- The examination would be conducted at designated centres and you will be informed in advance about your Examination Centre.
- One bilingual question paper of 30 minutes duration for a 2-credit course would be administered with a transitional gap of 15 minutes between each paper. Learners would write their answers on the question paper itself and upon completion, hand it over to the invigilator.
- There will be a separate question paper for each Lab course. The duration of the examination would be 30 minutes for a 2-Credit course. A total of 2 hours each would be given to complete all the Lab courses of each of the CPLT programme.

### How to Prepare for the Examination

All the question papers will be based on the printed materials of Laboratory Courses sent to you. If printed course materials are not available with you, these may be accessed from e-Gyankosh. You are advised to:

- Study thoroughly the course materials of the Laboratory Courses that have been sent to you.
- Learn the basic theory and procedures as well as all the details given in the experiments comprehensively
- Study the Observation Tables, sources of errors, etc. given in each experiment.

**Our Best Wishes are with you.**
